Dear Hiring Manager,

I was excited to see an opening for a Senior Machine Learning Engineer SDE-4 position with Amazon on naukri.com recently. I can't wait to bring my experience in developing algorithms and devising high-performance machine learning systems to your team. I am confident that I would be a valuable asset to the team.

Currently, I am the Machine Learning Engineer at LTI Infotech. I am experienced in data visualisation, predictive analysis, statistical modelling and machine learning algorithms. I supervise the model development, testing and validation of all our products and services. In addition, I recently developed a successful algorithm to understand customer fraudulent behaviour, which helped our AML compliance team to save 30% Penalty compared to last year.

I admire how Amazon always puts their customers first. I want to help create simple, customised and data-driven experiences. As someone who has been passionate about machine learning for a long time, I would love to join your team and help your company grow.

Thank you for your time and consideration. I look forward to discuss Senior Machine Learning Engineer SDE-4 position and my qualifications with you in more detail. Please feel free to contact me.I am available to talk at your soonest convenience. I look forward to hearing from you.

Sincerely,

Shashank Bhatnagar
